

# TRAINING PROGRAMME OF KVK,BARAGARH

## For the year 2025-26

**Mr. Nrusingh Charan Barik, Scientist (Plant Science) & Senior Scientist & Head (I/c)**

| Sl. No | Title of Training                                              | Type of Training | No. of Participants | Proposed Date           | Venue              |
|--------|----------------------------------------------------------------|------------------|---------------------|-------------------------|--------------------|
| 1      | Preparation of neem products for commercial purposes           | RY               | 15                  | 9.05.2025<br>10.05.2025 | KVK Campus         |
| 2      | Nursery Management in Kharif Rice                              | F/FW             | 25                  | 22.05.2025              | Gourgoth           |
| 3      | Strategy for natural farming                                   | IS               | 15                  | 25.06.2025              | Bargarh            |
| 4      | Integrated Management of Sheath blight disease in kharif paddy | F/FW             | 25                  | 26.06.2025              | Sukuda             |
| 5      | Integrated Management of Sheath blight disease in kharif paddy | F/FW             | 25                  | 02.07.2025              | Lebedi             |
| 6      | Tolerant Rice VARIETIES and management of Kharif Rice Diseases | F/FW             | 25                  | 19.07.2025              | Birmal             |
| 7      | Tolerant Rice VARIETIES and management of Kharif Rice Diseases | F/FW             | 25                  | 07.08.2025              | KVK Campus         |
| 8      | Integrated Disease Management in Kharif Chilly                 | F/FW             | 25                  | 16.08.2025              | Ambaunda           |
| 9      | Integrated Disease Management in Kharif Chilly                 | F/FW             | 25                  | 06.09.2025              | Bara               |
| 10     | Integrated Pest Management in Pointed Gourd                    | F/FW             | 25                  | 08.09.2025              | Kapasira           |
| 11     | Integrated Pest Management in Pointed Gourd                    | F/FW             | 25                  | 17.09.2025              | SWARNA             |
| 12     | Strategy for natural farming                                   | IS               | 15                  | 19.09.2025              | Mahada, Barpalli   |
| 13     | Panicle MITE management in kharif Rice                         | F/FW             | 25                  | 22.09.2025              | Dumalpalli         |
| 14     | Panicle MITE management in kharif Rice                         | F/FW             | 25                  | 04.10.2025              | Bhatabida, Lebidii |
| 15     | Integrated Nematode Management IN OKRA during kharif           | F/FW             | 25                  | 06.10.2025              | Sarkanda           |
| 16     | Management of Yellow Vein Mosaic Virus in Cucumber             | F/FW             | 25                  | 22.10.2025              | M.Gandapalli       |
| 17     | IPDM for finger millet during kharif season                    | F/FW             | 25                  | 29.10.2025              | Paikamal           |
| 18     | Importance of Biopesticide in Agril.pest management            | F/FW             | 25                  | 10.11.2025              | Jamseth            |
| 19     | Integrated Disease Management in Onion                         | F/FW             | 25                  | 23.12.2025              | Antaradi           |
| 20     | Integrated Disease Management in Potato                        | F/FW             | 25                  | 22.01.2026              | Kurla              |
| 21     | Rearing Honey Bee for income generation                        | RY               | 15                  | 02.02.2026              | Oncampus           |
| 22     | Preparation of organic formulations                            | VT               | 25                  | 06.03.2026              | KVK Campus         |
